SUBJECT INDEX
Volume 35

A

Accreditation, continuous quality improvement and, athletic training education, 35:188
Acetabulum, fracture, intercollegiate football player, case report, 35:103
Acromioclavicular joint
  anatomy and biomechanics, athlete's shoulder injury, 35:261
  clinical evaluation, athlete's shoulder, 35:256
Acromioplasty, supraspinatus lesion, intercollegiate football player, case report, 35:198
Airflow, nasal, treadmill performance, external dilator strip effects, 35:60
Amenorrhea
  stress fracture in sacrum and, female collegiate distance runner, case report, 35:453
  stress fracture in eighth rib and, female collegiate athlete, case report, 35:445
Anatomy
  functional, shoulder, 35:248
  shoulder, anterior instability, 35:268
Ankle
  inversion, high-top and low-top shoe effects, 35:38
  long-term brace use, peroneus longus muscle latency during inversion and, 35:407
  sprain, National Basketball Association, 10-year perspective, 35:161
  taping, effects on dynamic inversion, 35:31
Anorexia, female college athletes, screening test for, 35:431
Anterior cruciate ligament (ACL), injury, Metrecom measurement of navicular drop in, 35:403
Anterior knee pain, bracing effects, kinematic MRI, 35:44
Aorta, root dilatation, Marfan syndrome in a female collegiate basketball player, case report, 35:91
Aortic aneurysm, Marfan syndrome, female collegiate basketball player, case report, 35:91
Aquatic rehabilitation, training and, shoulder, 35:382
Arthroscopy, shoulder, 35:300
  superior labral lesions, 35:286
Articulation, shoulder, functional anatomy and, 35:248
Asthma, exercise-induced, athlete, basic pharmacology and use of medications, 35:179
Athletes
  aquatic-based rehabilitation and training, shoulder, 35:382
  clinical evaluation of shoulder, 35:256
  collegiate, cognitive test performance, sideline versus clinical, 35:155
  exercise-induced asthma, basic pharmacology and use of medications, 35:179
  female
    college, screening test for eating disorders and disordered eating, 35:431
    stress fracture in eighth rib and, rower, case report, 35:445
  finger injuries, 35:168
  high school, superior peroneal retinaculum tear, case report, 35:100
  lumbar pain, classification system for assessment, 35:204

overhead-throwing, impingement syndromes in, 35:293
pain assessment, *Journal of Athletic Training* articles 1992–1998, 35:151
psychology and counseling, 35:458
sports, pediatrician's perspective on coaching and injury prevention, 35:466
young, pediatrician's perspective on coaching and injury prevention, 35:466
Athletic trainers
certified, 35:17
information on finger injuries, 35:168
spirituality effects on health and healing, 35:194
stress and burnout at Division I-A universities, 35:139
Athletic training
diversity in, editorial, 35:131
education, continuous quality improvement in, 35:188
issues, stress and burnout at Division I-A universities, 35:139
psychology and counseling in, 35:458
Rapid Form cervical vacuum immobilizer, control of cervical spine movements, 35:65
students, learning styles of, 35:441
Avascular necrosis, traumatic acetabular fracture, in football player, case report, 35:103
Axillary nerve, neurologic injuries, athlete's shoulder, 35:316

B

Back pain
classification system for assessment in athletes, 35:204
low, sacral stress fracture, case report, 35:453
Balance, postural sway after fatigue, orthotics effects, 35:26
Balance testing, mild head injury, effects on postural stability, 35:19
Basketball
female player, Marfan syndrome in, case report, 35:91
injuries and illnesses, National Basketball Association, 35:161
Behavior, dieting, female college athletes, screening test for eating disorders, 35:431
Biceps tendon, superior labral lesions, arthroscopy, 35:286
Biomechanics, anterior shoulder instability, 35:268
Bone graft, aneurysmal bone cyst, female collegiate field hockey player, case report, 35:86
Bracing
ankle, peroneus longus muscle latency during inversion and, 35:407
elbow, after posterior dislocation in collegiate football player, case report, 35:108
patella, kinematic MRI, 35:44
Bronchospasm, athletes, basic pharmacology and use of asthma medications, 35:179
Bulimia, female college athletes, screening test for, 35:431
Burnout, stress and, in certified athletic trainers at Division I-A universities, 35:139
Burst duty cycle, during facilitated contraction, quadriceps femoris, 35:145

C

Capsular attenuation, anterior shoulder instability, recurrent, evaluation and management, 35:273
Capsular shift, inferior, 35:273
Capsular shrinkage, thermal, 35:273
Capsulorrhaphy, rehabilitation after surgery, 35:373
Certification, NATABOC Examination, 35:70, 35:134
Certified athletic trainers, stress and burnout, Division I-A universities, 35:139
Cervical spine, efficacy of Rapid Form cervical vacuum immobilizer, 35:65
Clavicle fracture, anatomy and biomechanics, athlete's shoulder injury, 35:261
Clinical experiences, educational, NATABOC examination outcomes, 35:70
Coaching, injury prevention and, pediatrician's perspective, youth sports, 35:466
Cold, interval cryotherapy, fatigue during weight lifting and, 35:422
Commission on Accreditation of Allied Health Education Programs (CAAHEP), improvement in athletic training education, 35:188
Compartment syndrome, chronic proximal deep posterior, collegiate track and field athlete, case report, 35:450
Concussion
mild head injury, effects on postural stability, 35:19
sideline versus clinical cognitive test performance, collegiate athletes, 35:155
Continuous quality improvement, accreditation and, athletic training education, 35:188
Coracoclavicular ligaments, anatomy and biomechanics, athlete's shoulder injury, 35:261
Coupling medium, temperature, effects on intramuscular temperature rise, 35:417
Cryokinetics, exercise, intramuscular rewarming and, 35:412
Cryotherapy
interval, fatigue during weight lifting and, 35:422
rehabilitation, exercise after, intramuscular rewarming and, 35:412

D

Dehydration, fluid replacement, for athletes, National Athletic Trainers' Association Position Statement, 35:212
Diathermy, pulsed short-wave, heat distribution in lower leg from, 35:50
Dieting behaviors, female college athletes, 35:431
Dyspnea, treadmill performance, external nasal dilator strip effects, 35:60

E

Eating Disorder Examination, 35:431
Eating disorders, female college athletes, screening test for, 35:431
Editorial, 35:17, 35:131, 35:247
Education
athletic training, continuous quality improvement in, 35:188
clinical
learning styles in undergraduate athletic training students, 35:441
NATABOC examination outcomes, 35:70, 134
Elbow, posterior dislocation, collegiate football player, rehabilitation after, case report, 35:108
Electrical neuromuscular stimulation, optimal burst duration, facilitated quadriceps femoris contraction, 35:145
Electromyography, ankle bracing, peroneus longus muscle latency during inversion and, 35:407
Emergency action plan, lightning safety, 35:471
Emotions, pain assessment, *Journal of Athletic Training* articles 1992–1998, 35:151
Environmental hazards, 35:471
Epidemiology, injuries and illnesses, National Basketball Association, 35:161
Epididymitis, management of acute scrotal pain, 35:76
Evaluation, clinical, athlete's shoulder, 35:256
Exercise
after cryotherapy, intramuscular rewarming and, 35:412
asthma induced by, athlete, basic pharmacology and use of medications, 35:179
isokinetic, testing and rehabilitation of shoulder complex, 35:338
kinetic chain approach, shoulder rehabilitation, 35:329
treadmill performance, external nasal dilator strip effects, 35:60

F

Faith, effect of spirituality on health and healing, 35:194
Fasciotomy, periostalgia and compartment syndrome, collegiate track and field athlete, 35:450
Fatigue, during weight lifting, interval cryotherapy effects, 35:422
Female athletes
  college, screening test for eating disorders and disordered eating, 35:431
  stress fracture, eighth rib, collegiate rower, 35:445
  triad, sacral stress fracture, 35:453
Fibrocartilage ridge, superior peroneal retinaculum tear, high school athlete, case report, 35:100
Field hockey, female player, aneurysmal bone cyst in, case report, 35:86
Finger injuries, 35:168
Fixation, internal, traumatic acetabular fracture in football player, case report, 35:103
Flexibility, hamstring, static stretching protocol effects, 35:56
Fluid replacement, for athletes, National Athletic Trainers' Association Position Statement, 35:212
Football
  intercollegiate player, acute, traumatic supraspinatus lesion in, case report, 35:198
  posterior elbow dislocation, collegiate player, rehabilitation after, case report, 35:108
Rapid Form cervical vacuum immobilizer, 35:65
  traumatic acetabular fracture, case report, 35:103
Fracture
  acetabular, intercollegiate football player, case report, 35:103
  stress
    eighth rib, female collegiate rower, case report, 35:445
    sacral, female collegiate distance runner, case report, 35:453

G

Gait, antalgic, traumatic acetabular fracture in football player, case report, 35:103
Gel, water-based, effects on intramuscular temperature rise in continuous ultrasound, 35:417
Giant cell tumor, aneurysmal bone cyst, female collegiate field hockey player, case report, 35:86
Glenohumeral joint
  anterior shoulder instability, 35:268
  instability, 35:300
  kinetic chain approach, shoulder rehabilitation, 35:329
  stability, role of sensorimotor system in, 35:351
  testing and rehabilitation, application of isokinetics in, 35:338
Glenohumeral ligaments, clinical evaluation of athlete's shoulder, 35:256
Glenoid labrum, rehabilitation after ligamentous and labral surgery, 35:373
Groin injury, management of acute scrotal pain, 35:76

H

Hamstring, flexibility, static stretching protocol effects, 35:56
Hand, finger injuries, 35:168
Head injury, mild
  effects on postural stability, 35:19
  sideline versus clinical cognitive test performance, athletes, 35:155
Health status, spirituality effects on, review for athletic trainers, 35:194
Heat distribution, lower leg, from diathermy and ultrasound treatments, 35:50
Heat illness, fluid replacement, for athletes, National Athletic Trainers' Association Position Statement, 35:212

I

Iliotibial band friction syndrome, corrective neuromuscular approach to, case report, 35:96
Impingement syndromes
  overhead-throwing athletes, 35:293
  rotator cuff and, management in the athlete, 35:300
  shoulder, 35:256
  shoulder injury, role of scapula in, 35:364
Infection control, in wrestling mats, 35:427
Injury, pain assessment, *Journal of Athletic Training* articles 1992–1998, 35:151
Injury prevention, coaching and, pediatrician's perspective, youth sports, 35:466
Instability
  anterior shoulder, rehabilitation after ligamentous and labral surgery, 35:373
  multidirectional, shoulder, 35:278
  shoulder, 35:256
Inversion
  ankle, high-top and low-top shoe effects, 35:38
  dynamic ankle, taping effects, 35:31
Isokinetic dynamometry, postural sway after fatigue, orthotics effects, 35:26
Isokinetics, testing and rehabilitation, shoulder complex, 35:338

J

Joint Review Committee on Educational Programs in Athletic Training (JRC-AT), improvement in athletic training education, 35:188

K

Kinetic chain, closed, shoulder rehabilitation, 35:329
Knee
  anterior pain, bracing effects, MRI use, 35:44
  extension, static stretching protocol effects on hamstring flexibility, 35:56
  injury, atraumatic osteochondritis dissecans, case report, 35:80
  sprains, National Basketball Association, 10-year perspective, 35:161

L

Labral tear, shoulder, arthroscopy, 35:286
Labrum, glenoid, disruption, 35:273
Learning styles, consistency of, undergraduate athletic training students, 35:441
Letter to the editor, 35:132
Lightning, safety for athletics and recreation, National Athletic Trainers' Association Position Statement, 35:471
Lumbar pain, classification system for assessment in athletes, 35:204
Lytic lesion, aneurysmal bone cyst, female collegiate field hockey player, case report, 35:86

M

Magnetic resonance imaging (MRI), kinematic, bracing effects on patellar position, 35:44
Marfan syndrome, female collegiate basketball player, case report, 35:91
Maximal voluntary isometric contraction (MVIC), optimal burst duration, quadriceps femoris, 35:145
Medial tibial stress syndrome, collegiate track and field athlete, case report, 35:450
Media reviews, 35:T16, 35:111, 35:225
Metrecom measurement, navicular drop, ACL injuries, 35:403
Mild head injury, cognitive test performance, 35:155
Modalities
  coupling medium temperature, effects on intramuscular temperature rise, 35:417
  diathermy and ultrasound, 35:50

Mouthguards, treadmill performance, effect of nasal dilator strips, 35:60
Multidirectional instability, shoulder, understanding of, 35:278
Musculocutaneous nerve, neurologic injuries, athlete's shoulder, 35:316

N

Nasal resistance, external dilator strips, effects on treadmill performance, 35:60
NATABOC Examination
  contributors to initial success, 35:134
  outcomes, clinical experiences, prediction of, 35:70
National Athletic Trainers' Association, Position Statement
  fluid replacement for athletes, 35:212
  lightning safety for athletics and recreation, 35:471
Navicular bone, Metrecom measurement of drop, ACL injuries, 35:403
Neurologic injuries, athlete's shoulder, 35:316
Neuromuscular approach, corrective iliotibial band friction syndrome, case report, 35:96
Neuromuscular control, sensorimotor system, role in athletic shoulder, 35:351
Neuropsychological testing, sideline versus clinical cognitive test performance, collegiate athletes, 35:155

O

Open reduction, internal fixation, acetabular fracture, intercollegiate football player, case report, 35:103
Orthotics, effects on postural sway, fatigue of plantar flexors and dorsiflexors, 35:26
Osteoarthritis, collegiate volleyball player, case report, 35:86
Osteochondritis dissecans, atraumatic, collegiate volleyball player, case report, 35:80
Overuse injury, stress fracture, eighth rib, female collegiate rower, case report, 35:445

P

Pain
  back, classification system for assessment in athletes, 35:204
  patellofemoral, bracing effects, MRI use, 35:44
Pain measurement, *Journal of Athletic Training* articles 1992–1998, 35:151
Patellofemoral joint, position, bracing effects, MRI use, 35:44
Pelvic stabilization, iliotibial band friction syndrome, corrective neuromuscular approach, 35:96
Periostalgia, and chronic proximal deep posterior compartment syndrome, collegiate track and field athlete, case report, 35:450
Peroneal retinaculum, superior tear, high-school athlete, case report, 35:100
Peroneal tunnel compression test, superior peroneal retinaculum tear, case report, 35:100
Peroneus longus, reaction time, long-term ankle brace use and, 35:407
Pharmacology, asthma medications, use in the athlete, 35:177
Postural stability
  mild head injury effects, 35:19
  sway after fatigue, orthotics effects, 35:26
Power, weight lifting, interval cryotherapy, 35:422
Professional sports, National Basketball Association, injuries and illnesses, 35:161
Pronation, foot, ACL tears and, Metrecom measurement of navicular drop, 35:403
Proprioception, sensorimotor system, role in athletic shoulder, 35:351
Psychology
  counseling and, universal competency, athletic training, 35:458
  sports, pediatrician's perspective on coaching and injury prevention, 35:466
  stress and burnout in certified athletic trainers, Division I-A universities, 35:139

Q

Quadriceps femoris, facilitated contraction, optimal burst duration during, 35:145
Quality improvement, continuous athletic training education, accreditation and, 35:188

R

Radiography, Rapid Form cervical vacuum immobilizer, control of cervical spine movements, 35:65
Range of motion, knee, static stretching protocol effects on hamstring flexibility, 35:56
Rapid Form cervical vacuum immobilizer, 35:65
Recreation, lightning, safety for athletics, National Athletic Trainers' Association Position Statement, 35:471
Reduction, open, traumatic acetabular fracture in football player, case report, 35:103
Rehabilitation
  after ligamentous and labral surgery, shoulder, 35:373
  aquatic, shoulder, 35:382
  compliance, psychology/counseling in athletic training and, 35:458
  cryotherapy, exercise after, intramuscular rewarming and, 35:412
  posterolateral elbow dislocation, collegiate football player, case report, 35:108
  shoulder, role of scapula in, 35:364
Rehydration, for athletes, National Athletic Trainers' Association Position Statement, 35:212
Ringworm, wrestling mats and, 35:427
Rotator cuff, 35:256
  anterior shoulder instability, recurrent, management of, 35:273
  impingement injuries and, management in the athlete, 35:300
  shoulder injury, role of scapula in, 35:364
Rotator cuff repair, supraspinatus lesion, intercollegiate football player, case report, 35:198
Rowing, injury, stress fracture in eighth rib, female collegiate athlete, case report, 35:445
Running
  exercise-induced injury, collegiate track and field athlete, case report, 35:450
  female collegiate, sacral stress fracture, case report, 35:453

S

Sacral stress fracture, female collegiate distance runner, case report, 35:453
Safety equipment, Rapid Form cervical vacuum immobilizer, control of cervical spine movements, 35:65
Sandal, iliotibial band friction syndrome, corrective neuromuscular approach, case report, 35:96
Scapula
  kinetic chain approach, shoulder rehabilitation, 35:329
  role in shoulder injury rehabilitation, 35:364
Scapulothoracic dysfunction, overhead-throwing athletes, 35:293
Scrotum, pain, evaluation and management, 35:76
Sensorimotor system, role in the athletic shoulder, 35:351
Shoe design, high-top and low-top shoe effects, ankle inversion, 35:38
Shoulder
  anterior instability
    pathophysiology of, 35:268
    recurrent, evaluation and management, 35:273
  aquatic-based rehabilitation and training, 35:382
  clinical evaluation, athlete's, 35:256
  functional anatomy, 35:248

injury
anatomy and biomechanics of acromioclavicular joint, 35:261
intercollegiate football player, supraspinatus lesion, case report, 35:198
rehabilitation, role of scapula in, 35:364
ligamentous and labral surgery, rehabilitation after, 35:373
multidirectional instability, understanding of, 35:278
neurologic injuries in, 35:316
pain, overhead-throwing athletes, 35:293
rehabilitation, kinetic chain approach for, 35:329
sensorimotor system role in, athlete, 35:351
superior labral lesions, arthroscopy, 35:286
supraspinatus lesion, intercollegiate football player, case report, 35:198
testing and rehabilitation, application of isokinetics in, 35:338
SLAP lesion, 35:286
Spinal accessory nerve, neurologic injuries, athlete's shoulder, 35:316
Spinal cord injury, Rapid Form cervical vacuum immobilizer, control of movements, 35:65
Spine, classification system for assessment in athletes, 35:204
Spirituality, effects on health and healing, review for athletic trainers, 35:194
Sport psychology
athletic trainers, stress and burnout at Division I-A universities, 35:139
counseling and, competency in athletic training, 35:458
young athletes, pediatrician's perspective on coaching and injury prevention, 35:466
Sprain, ankle, dynamic inversion, taping effects, 35:31
Stability
functional, sensorimotor system in athletic shoulder, 35:351
shoulder, functional anatomy and, 35:248
Sternoclavicular dislocation, anatomy and biomechanics, athlete's shoulder injury, 35:261
Storms, lightning, safety for athletics and recreation, National Athletic Trainers' Association Position Statement, 35:471
Strength, fatigue during weight lifting and, interval cryotherapy effects, 35:422
Stress, burnout and, in certified athletic trainers at Division I-A universities, 35:139
Stress fracture, eighth rib, female collegiate rower, case report, 35:445
Stretch reflex, long-term ankle brace use, peroneus longus muscle latency, 35:407
Stretching protocol, static, effects on maintained hamstring flexibility, 35:56
Stretching window, 35:50
Superior labral lesions, diagnosis and management, 35:286
Suprascapular nerve, neurologic injuries, athlete's shoulder, 35:316
Supraspinatus lesion, acute, traumatic, intercollegiate football player, case report, 35:198
Surgery, ligamentous and labral, shoulder, rehabilitation after, 35:373

T

Taping, ankle, effects on dynamic inversion, 35:31
Teaching strategies, learning styles and, undergraduate athletic training, 35:441
Temperature
coupling medium, effects on intramuscular temperature rise, 35:417
tissue, pulsed short-wave diathermy and ultrasound treatments, 35:50
Testicular torsion, management of acute scrotal pain, 35:76
Testing, National Athletic Trainers' Association Board of Certification Examination, 35:134
Thoracic nerve, long, neurologic injuries, athlete's shoulder, 35:316
Throwing, clinical evaluation of athlete's shoulder, 35:256
Tinea corporis, wrestling mats and, 35:427
Tinea gladiatorum, wrestling mats and, 35:427
Track and field, collegiate athlete, concurrent periostalgia and chronic proximal deep posterior compartment syndrome, case report, 35:450
Trauma
acetabular fracture, in football player, case report, 35:103
finger injuries, 35:168
injuries and illnesses, National Basketball Association, 35:161
lumbar pain, classification system for assessment in athletes, 35:204
posterior elbow dislocation, collegiate football player, case report, 35:108
shoulder injury, role of scapula in, 35:364
testicular, management of acute scrotal pain, 35:76
Translation, shoulder joint, 35:273
Treadmill performance, effect of nasal dilator strips, 35:60
Tumor, giant cell, collegiate volleyball player, case report, 35:86

U

Ultrasound
continuous, intramuscular temperature rise using, effects of coupling medium temperature on, 35:417
treatments, heat distribution in lower leg from, 35:50
Upper extremity, aquatic-based rehabilitation and training, 35:382

V

Velocity, weight lifting, interval cryotherapy, 35:422
Volleyball, collegiate player, atraumatic osteochondritis dissecans, case report, 35:80

W

Water, aquatic-based rehabilitation and training, shoulder, 35:382
Weight lifting, interval cryotherapy, 35:422
Work, weight lifting, interval cryotherapy, 35:422
Wrestling mats, source of ringworm infection, 35:427
